

## Call for Papers

### 45<sup>th</sup> Annual Conference on African Linguistics (ACAL 45)

The 45<sup>th</sup> Annual Conference on African Linguistics will be held at the University of Kansas from April 17-19, 2014. The theme of this year's conference is "Africa's Endangered Languages: Documentary and Theoretical Approaches". In addition to plenary sessions featuring eminent scholars, ACAL 45 will feature three sessions: a main session, a poster session, and a workshop based on the conference theme. For the main and poster sessions, papers addressing any subfield(s) of linguistics in relation to the study of African languages are welcome. These include, but are not limited to:

- Computational Linguistics
- Historical Linguistics
- Language Acquisition (i.e. first, second, or additional language)
- Language Pedagogy
- Lexicography
- Morphology
- Neurolinguistics
- Phonetics
- Phonology
- Pragmatics
- Semantics
- Sign Language
- Sociolinguistics
- Syntax
- Typology

For the workshop sessions, we invite papers that deal directly with endangered or highly threatened African languages from either a documentary or theoretical perspective (or both). Workshop sessions will be organized by methodological approach (i.e. there will be documentary sessions and theoretical sessions) and in an attempt to create a dialogue between practitioners of both approaches, they will be moderated by a linguist of the opposite persuasion.

All abstracts will be blind reviewed for their originality, quality, and relevance. Main session talks will be allocated 20 minutes for presentation with a 10 minute question and answer period. Poster presentations will be displayed for a 2 hour block of time. Workshop talks will be allocated 25 minutes for presentation and 15 minutes for discussion.
